

<p>Calculate the distance travelled by Charles Darwin or Alfred Wallace on their expeditions and convert this between different units of measurement.</p>	<p>Create a biography or Powerpoint presentation about Mary Anning and her work with fossils.</p>	<p>Create a map - using OS symbols - of a local park/place. Hide something there then let parents or friends (using your map) find it. Please have adult supervision when looking for the items!</p>
<p>Write a short survival adventure story in the setting of your choice. Is it about surviving an unfortunate event or surviving in the wilds against the odds?</p>		<p><i>Create a fitness routine explaining how it affects the body and improves overall health.</i></p>
<p><i>Choose key words from evolution and inheritance to create a rap or poem in the style of your choice.</i></p>		<p>Create a family tree of your family. Mark when members of your family were born and which traits you may have inherited from each person.</p>
<p>Find out about what plants, seeds and berries are edible. Then use this to make a survivor diet plan (include pictures if you can) <u>Adult supervision needed - don't go picking up and eating things you find!</u></p>		<p>Collect leaves, sticks, grass and other foliage. Use them to create a nature collage. Look at the work of Andy Goldsworthy for inspiration - take a photograph.</p>
<p>Investigate images of animals in camouflage e.g. orange oak leaf butterfly, owl butterfly, tawny owls against bark, snake in sand etc. Create a piece of art using materials of your choice. (ask if you need to borrow resources from school)</p>	<p><i>You've been invited to host 'Desert Island Discs' on the radio. You can only choose 8 songs. Create a table/list of these songs and explain your selection - why have you chosen these? What do they mean to you? (You can also play some examples to the class.).</i></p>	<p>Create a shelter where you could survive if needed - you can make this as a model using anything you choose or create one outside and take a photograph. Be resourceful and creative!</p>
<p>Choose a minimum of 3 homework tasks for this half term. These are due in by Wednesday 16th October at the latest when we will have our homework celebration. You can bring your work in weekly or all at once as long as they are handed in by the due date. Written tasks can be handwritten in your homework book or created on the computer, or uploaded to SeeSaw.</p>
